TERMS OF SALE

1. This is a public auction and mail bid sale, conducted by PONTERIO & ASSOCIATES, INC., licensed California Auction Co. #968 (hereafter "Auctioneer"). Subject to our consent, liberty for bidding by sellers and/or consignors is hereby reserved.
2. A 15% buyers charge will be added to the "hammer price" or winning bid of each lot. This charge will be added to all invoices.
3. Subject to paragraph 8, all material shall be sold to the highest bidder as determined by the Auctioneer. If any dispute arises during or immediately after the sale of a lot, Auctioneer shall have the right to recall the lot and put it up for sale again. In all cases, Auctioneer's decision shall be final. For the bidder's protection, NO "UNLIMITED" or "BUY" BIDS WILL BE ACCEPTED. Bids are to be made in U.S. currency only.
4. Terms of this sale are strictly cash with payment due immediately upon receipt of invoice. Payment by check must be payable in U.S. currency only and drawn on a U.S. Bank. No credit card purchases will be accepted. Title to all lots remains with consignor until paid in full.
5. Floor bidders and mail bidders not known to Auctioneer must furnish satisfactory credit references, sufficiently in advance of the sale to allow for checking, or per the discretion of the Auctioneer, a deposit equal to 25% of their total bids for that session(s) before such bids can be accepted. Deposits submitted will be applied to purchases and any unused portion of such deposit will be promptly refunded. All bid sheets submitted by mail bidders must be signed. Company bids must be submitted with the signature of a duly authorized agent of such company. If you bid by mail, **mail your bid sheet early**. Mail bidders agree to and are subject to these terms of sale just as if they were floor bidders.
6. All bids must be per lot as numbered in this catalogue. No lots will be broken. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. Auctioneer can not be responsible for errors in bidding. Please make certain that you bid on the correct lot and that your bid is the maximum that you are willing to pay.
7. An estimate is provided for each lot. This estimate represents, in the opinion of the cataloger, the current market value of the lot. Lots may, of course, sell for above or below this estimate.
8. Lot(s) may carry a Reserve. A Reserve is a confidential price or bid below which Auctioneer will not sell an item or will re-purchase on behalf of the Consignor or for the Auctioneer. In the event that a reserve is known to the Auctioneer prior to the publication of the catalogue, the low pre-sale estimate will equal or exceed the reserve. We reserve the right to withdraw any lot prior to the sale and to open the bidding on any lot at a reasonable price.
9. If Auctioneer, in its sole discretion, determines that any numismatic property is substantially and materially different from that represented in the catalogue of sale, or in any written advertisement or material, the sale shall be cancelled and Auctioneer shall refund the purchase price to the Buyer. Unless provided otherwise in these terms or the PNG bylaws, that refund shall be Auctioneer's sole obligation to Buyer in the event of such cancellation.
10. All items in this catalogue are guaranteed to be genuine unless specifically stated otherwise in the lot description. Claims to the contrary must be made in writing within three days after receipt of the lot. Any returned lot must be intact and in its original unopened holder. No lot may be returned without prior written consent. In no event may any lot be returned after thirty (30) days from the date of sale. LATE REMITTANCE FOR PURCHASES CONSTITUTES JUST CAUSE TO ABROGATE ALL RETURN PRIVILEGES FOR ANY REASON.
11. (a) Grading is a subjective description, in the opinion of the cataloger as to the state of preservation, method of strike and overall appearance of a particular coin or lot. The term "Proof" or "Specimen" is used to describe a method of manufacture, and is not a grade or condition or an attribution;

(b) Auctioneer does not represent that a numismatic item has or has not been cleaned; that any toning is natural or artificial; that any coin catalogued will meet the standards, or the grade, of any third party or third party grading service; that a numismatic item has a particular provenance or pedigrees; that a numismatic item is struck or not struck, or produced or not produced in a particular manner or style;

(c) Adjectival descriptions and terminology (which can and does vary among experts and knowledgeable purchasers), when utilized in the catalogue, are strictly the opinion of the cataloger and shall not be deemed to be part of the description; i.e. it is an opinion only and not a warranty of any kind;

(d) Grading descriptions in this catalogue are provided strictly for the convenience of those who bid by mail and who are unable to personally view the coins, and represents the cataloger's opinion of its state of preservation. Those attending the sale, and those bidders who actually view the lots should draw their own conclusions as to the state of preservation or grade of the numismatic item.
12. This is not an approval sale. Bidders are expected to promptly purchase all lots awarded to them by the auctioneer. Floor bidders are encouraged to carefully examine all lots which they are interested in purchasing, since NO LOTS MAY BE RETURNED BY FLOOR BUYERS, INCLUDING THOSE LOTS WHERE THE BIDDER IS ACTING AS AGENT FOR ANOTHER PARTY, OR BY MAIL BIDDERS WHO HAVE EXAMINED THE LOT PRIOR TO THE SALE.
13. Mail bids will be accepted from those who can not attend the sale in person. Bids for all lots must be submitted in even dollar amounts, or they will be reduced to the next even dollar amount. Mail (or fax) bids must be received prior to the day of the auction or there will be no guaranty that they will be timely executed. Successful mail bidders will be awarded the lot at nominal 5% or 10% over the second highest mail or floor bid. When identical bids are received by Auctioneer for a lot, preference is given to the first bid received. A mail bid will take precedence over an identical floor bid. A floor bidder must bid higher than the highest mail bidder to be awarded any lot.
14. Auctioneer is an "insider" and may have access to confidential information not otherwise available to the public with respect to value, provenance, availability, and other factors. Purchasers should make themselves acquainted with the numismatic items that they are purchasing and avail themselves of the services of outside consultants prior to engaging in any purchase.
15. Auctioneer reserves the right to refuse to honor any bid or to limit the amount of any bid which, in his opinion, is not submitted in "Good Faith", or, as the case dictates, is not supported by satisfactory credit and numismatic references, as Auctioneer, in its sole discretion, shall determine. A bid is also considered not made in "Good Faith" when it is made by an insolvent or irresponsible person, or a person under the age of eighteen. Auctioneer reserves the right to exclude any person it deems in its sole opinion is disruptive to the sale or is otherwise commercially unsuitable. Auctioneer reserves the right to rescind the sale in the event of any nonpayment, breach of warranty, disputed ownership, Auctioneer's clerical error or omission in exercising bids and reserves or otherwise.
16. All photographs in this catalogue are of the actual items being sold.

17. Postage, insurance and sales tax, if required by law to be collected, will be added to the invoice for any lot(s) invoiced to successful bidders. All lots delivered in the state of California are subject to applicable sales tax. Individuals purchasing lots for resale must submit an exemption certificate, signed by the purchaser or his agent and recognized by the state of California, with their current resale certificate number or be subject to the sales tax.
18. Auctioneer reserves the right to require payment in full before delivering any lot to a successful bidder. It is the buyer's responsibility and obligation to have the lots fully insured while in his/her possession. Risk of loss is on the buyer. All lots sent to foreign countries, including Canada and Mexico, will be billed an additional 1/2 of 1% for insurance. The minimum insurance fee is \$5.00. Please send shipping instructions. Normally all lots will be sent via registered mail.
19. In the event a bidder fails to make remittance promptly, auctioneer reserves the right to resell the merchandise and bidder agrees to pay for the reasonable cost of such a sale and also to pay any difference between the resale price and the previously successful bid.
20. Auctioneer reserves the right to postpone the auction sale for a reasonable period of time, as the result of any act of war, natural calamity or significant relevant event, which, in the judgement of Auctioneer, reasonably exercised, make it inadvisable to hold the auction.
21. By bidding in this sale, bidder personally guarantees payment; if a corporation is the bidder, the officers and/or principals of the corporation agree to personally guarantee payment. Mail or fax bids must be signed.
22. Auctioneer reserves the right to include its own material in any auction sale. Auctioneer may have direct or indirect interests in auction lots. Auctioneer may make loans or advances to consignors and/or prospective purchasers. The Consignor may be permitted to bid on his, her or their own articles and to buy them back at the sale. Any Buyer who bids on or purchases their own goods is required to pay for them, in full, as the terms of sale provide for together with the full buyer's commission, and any other applicable surcharges, postage, handling, insurance fees and taxes, without rebate of any kind whatsoever, unless provided for otherwise by contract with Auctioneer. Auctioneer reserves the right to make accounting adjustments in lieu of payment. Settlement will follow the auction. The prices realized reflect the final price called by Auctioneer and may include a bid of a consignor reacquiring their lot.
23. In the event Auctioneer shall, for any reason other than set forth in paragraph 8, be unable to deliver the property sought to be purchased, its liability therefore shall be limited to the rescission of the sale and refund of the purchase price and buyer's fee plus interest at 10% per annum if refund is made greater than 60 days after payment. Auctioneer shall have no liability for damages, incidental, consequential or otherwise, arising out of its failure to deliver any property purchased, and all bidders agree to this.
24. Auctioneer shall have a lien against the merchandise purchased by the buyer and any other property of the buyer then held by Auctioneer to secure payment of the auction invoice(s) and any other amounts due Auctioneer from the buyer, with the respect to which Auctioneer shall have all the rights of a secured creditor under Article 9 of the California Uniform Commercial Code.
25. It is unlawful and illegal for Bidders to collude, pool, or agree with another Bidder to pay less than the fair value for lot(s). Bidders in the sale acknowledge that the law provides for substantial penalties in the form of treble damages and attorney's fees and costs for those who violate these provisions.
26. If any dispute arise regarding payment, participation, authenticity, or grading or any other matter pertaining to the sale, and those disputes cannot be resolved, the bidder and/or a participant in the Auction Sale and Auctioneer all agree that the dispute shall be submitted to binding arbitration in accordance with the rules of the Professional Numismatists Guild (PNG) or American Arbitration Association (AAA), per the election of the bidder/participant. The AAA arbitration shall be conducted under the provisions of the California Arbitration Act and venue shall be conducted under the provisions of the California Arbitration Act and venue shall be in San Diego, California. The arbitration costs shall initially be paid equally by the parties. If an election is not made within ten (10) days of an unresolved dispute, Auctioneer may elect either PNG or AAA arbitration. An award granted in arbitration is enforceable in any court. The prevailing party in any dispute shall be entitled to receive its attorneys' fees, expert witness fees, costs and arbitrator's fees. By placing a bid (mail, fax, phone, floor, electronic or otherwise) or by attending or by participating in an auction, a bidder and all participants accept these Terms and Conditions of Sale, and agrees to be bound.
27. Bidding in this sale (by any means) or participating in this sale constitutes acceptance by the bidder or participant of all the forementioned terms and conditions of sale.

INSTRUCTIONS TO NEW MAIL BIDDERS

Bidding by mail permits you to participate in an auction as though you were attending it in person. The procedure is really quite simple. You tell us what you want, and the maximum amount you are willing to pay. We then, as your personal agent, try to buy the items listed for you at the lowest possible price.

The enclosed mail bid form has two sides for you to fill in. The front side provides all the information we will need to register you as a bidder, execute your bids for you and deliver your lots to you if you are a successful bidder. Please answer all the questions that may apply to you. If you have any special mailing instructions or and/or other instructions, please note them in the "special instructions" area of your bidsheet. **DON'T FORGET TO SIGN YOUR BIDSHEET.**

LOT	BID
#2	\$250
#15	\$350
#35	\$450
#93	\$600

On the back side are pairs of columns where you may list your bids. After carefully reading the lot description, write down the lot number and the maximum amount you are willing to pay for that lot. Don't forget that a 15% buyer's fee will be added to your actual purchase price if you are the lucky bidder. Continue to list lot numbers and bids for each of the lots you are interested in buying.

When we receive your bidsheet, we will record your bids at the amount you have authorized us to bid for you, and we will, in addition, note any lots where an increase is authorized if absolutely needed to win the lot. For example, if the sample bidsheet shown at the right were yours, we would enter your bid on lot #2 as \$250. If yours was the highest bid received, you would be the purchaser at \$250. (plus 15%), and applicable taxes and shipping charges. If the second highest bid received on the lot was substantially less, your bid would be reduced to a "normal" increment above the second-highest bid, just as it would be if you were present at the sale yourself to execute your own bids. If you have authorized a percentage increase on the front side of your bidsheet and the bidding by others has exceeded your basic bid, we will then, as your personal agent, increase your bid to the minimum amount necessary to obtain the lot for you. The authorized increase will never be used except when your basic bid is exceeded.

Before you mail your bidsheet, do be sure to check it over to make certain you have bid on the correct lot(s) and that your bids are the ones you are both willing and able to pay for. Enjoy the catalog, place bids on everything you would like to buy. If time is running out and you feel your bidsheet may arrive too late to be included, you may call our office between the hours of 9:00 a.m. and 5:00 p.m. Monday through Friday, giving us the lot numbers and amount you will pay for each lot, over the telephone. Please make sure you immediately send in your bidsheet for confirmation. Also, you may FAX your bidsheet to us. As your personal agents we wish you every success.

VIEWING OF LOTS

Lots will be available for viewing by prospective bidders at our office each day, Monday through Friday, by **APPOINTMENT ONLY**, between the hours of 9:00 a.m. and 5:00 p.m., August 1, 2005 through September 6, 2005 only. Additionally, all material will be available for viewing at the Anaheim Coin & Collectibles Expo to be held at the Anaheim Convention Center.

MONEY NOT MEANT FOR EVERYONE COINS AND NOTES FOR LEPROSARIUM USE

Generally coins and notes are intended for use of an entire population of a country or region for everyday transactions but there are exceptions; separate monies have long been in use for military personnel in their own lands and other countries, prisons, prisoner of war camps, etc., and local issues for special reasons. Leprosarium or leper colony token coinages and notes filled particular needs and functions in many lands, in large part due to the public dread of possibly contacting the disease by handling money possibly used in these hospitals or asylums; these items have only recently been thoroughly researched and reported, giving us much needed information about this collecting area.

I am by no means an authority on these particular issues; I am utilizing three numismatic references for this article, namely "The Numismatic Aspects of Leprosy - Money, Medals and Miscellanea" by Roger McFadden, John Grost and Dennis Marr (hereafter referred to as "NAL"), and from Krause Publications the "Standard Catalog of World Coins for the 19th Century" and "1901 to Present" and the "Standard Catalog of World Paper Money, Specialized Issues". NAL is a well researched study with extensive background material on the token coinages and notes issued with illustrations of varieties and mintages where available as well as medals relating to institutions or persons and organizations associated with treatment of this ailment. The standard catalogs are primarily listings and price guides of the individual pieces. 14 countries are noted as having special token coinages and/or notes for use in institutions set apart from the general public for the care and treatment of Hansen's disease; to be consistent with the references noted above, I will retain the earlier name of leprosy.

Taking the countries where leper colony monies were used in alphabetical order, Brazil had two locations with token coinages, one being the Colonia Santa Teresa which issued brass tokens of 100, 200, 300, 500 and 1000 Reis when the institute was established in 1940 on Santa Catarina island. These pieces have the denominations on one side and "C.S.T." on the other, the diameters range from 20 to 27 millimeters and are rare. A small hoard of several dozen sets appeared on the market a few years ago and the prices being paid for the sets dropped quite a bit; prices have risen again when it became apparent that the quantity of new material was quite small and still rare; see our lot 797 in this catalog. The Santa Casa de Misericordia produced a brass token coinage in about 1920 of 100, 200, 500, 1000 & 5000 reis; each has the denomination (i.e. "1.00" for "100", etc.) with the name around, the reverses have "Hospito/Lazareto"; these pieces are quite rare. Two other colonies, Colonia de Lazaropolis do Prata, reportedly utilized token coinage but no items are known to have been used or even produced.

The Peoples Republic of China has hundreds of treatment centers for leprosy but few tokens are recorded and only 1 note, these being from the Quinhu Leprosy Hospital in Jiangsu Province; plastic tokens exist for 1, 5, 10 & 50 Fen and 1 Yuan (in lavender, light blue, dark blue, colorless and painted red); the note is a cardboard coupon for 1 Tael of rice. Colombia had four different token coinage issues for the Agua de Dios, Cano de Loro and Contratacion colonies; the general designs had a Maltese cross, text, date or denomination on one side, the other having the date or denomination and name. The first issue was 1901 of bronze 2-1/2, 5, 10, 20 & 50 Centavos; all are scarce to rare. The second issue, 1907, of 1, 5 & 10 Pesos, does not have the Maltese cross and range from very scarce to rare. The third issue, of 1921, again has the Maltese cross on the 1, 2, 5, 10 & 50 Centavos; these are common in low grade: the 1928 and last issue has only 50 Centavos of the same design and NAL has a chart indicating numerous varieties for this coin. These colonies were closed in the 1950's and patients were allowed to exchange their lazareto coinage for "real money".

Cost Rica produced three token coinage issues for El Sanitario Nacional de las Mercedes, 25 & 50 Centimos and 1 Colons in both 1935 and 1937 plus 1942 issue of 5 Centimos; these were regular coinage pierced by holes ranging from 4 to 9 millimeters across; other pieces, possibly patterns or fantasies, exist with holes of 15 millimeters as well as the removed “plugs”. The Danish West Indies established the St. Croix Leper Asylum in the early 1900’s with the last patient leaving in 1958; a single brass 5 Bit Token has been reported but no records of production or actual use are known.

Hawaii is well known for its leprosarium on Molokai which was founded in 1866. Only two fiscal items are known for Kalaupapa, these being a Special Rations Ticket on pink paper and a Ration Bill “for (fill in the blank) dollars of goods...” on blue paper. Japan has 13 national and 3 private sanitariums treating about 8,000 patients of leprosy but the use of special money by patients was abolished in 1955. The Nagashima-aisei en sanitarium produced and used token coinage between 1931 and 1948 and known to the authors of NAL are an oval Sen (Japanned brass) & round Sen (Japanned aluminum), round 5 and 10 Sen (Japanned brass, and a 10 Sen in Japanned aluminum), round 50 Sen (Japanned brass) and an oval Yen in brass; uni-face 1 and 5 Yen notes are also exist. The national facility of Oku-komyo en issued 50 Sen and 1 & 5 Yen notes on off-white, pink & off-white cardboard between 1933 and 1955 (only 3 pieces known). Oshima-Seisho en issued a series of brass 1, 5, 10 & 50 Sen pieces between circa 1912 and 1925; the first two are round, the others elliptical and rectangular and Tama-zensei en evidently had or planned paper issues of 1 (3 different), 5, 20, 50 and 100 Yen; only 2 notes are positively known. All of the Japanese items are rare.

In Korea, the Biederwolf Leper Colony, founded in 1909, produced paper notes of 1 Sen (white paper) and 50 Sen (red paper) in about 1941; only 1 of each are known to exist. Malaysia is the home of the Sungei Buloh Settlement which opened in 1930; in 1935, a fairly plain 5 Cent note was produced with English on the front and Malay, Tamil and Chinese on the back; in 1936, more elaborate 5 & 10 Cents and Dollar notes were placed in use; all notes were supposedly burned in 1938; survivors are rare. In 1960, a series of “gambling” tokens of 5, 10 & 50 Cents and 1 & 5 Dollars came into use, the 5 Cents in plastic and the others in colored aluminum. The Tampoi Camp in Johore reportedly had a currency of minor denominations in the 1930’s, but none are known. Nigeria has the Garkida Leper Colony which was formed in 1929 and brass tokens of 1 Pence were in use there during 1944-45; the tokens have “VIRGWI/1D” stamped on one side, the other is blank. NAL considers them “scarce and know of only seven in this country”.

The Palo Seco Leper colony opened in the Panama Canal Zone in 1907 and is today the Palo Seco Hospital. Between 1919 and 1925, a variety of metal coinage was produced, being 1 & 5 Cents in brass with square holes, 10, 25 & 50 Cents and Dollars in aluminum with round holes; the hospital name was one side, the denomination on the other. Mintage figures are 2000 for the 1 Cent and 1000 for each of the other denominations. The value of this issue was \$1,920 US and no additional coins are known to have been minted. In 1955, \$1,492.75 in face value was destroyed by melting and then thrown into the sea. NAL knows of 4-5 sets in this country; please examine lot 1109 in this catalog.

The Philippines is the home of the famous Culion Leper Colony which, between 1917 and 1927, produced six issues of token coinage, the first 1913 with 1/2, 1, 5, 10 & 20 Centavos and Pesos was released and in 1922 20 Centavos and Pesos were produced in copper-nickel. 1925 brought new designs - bust of Jose Rizal/arms of the Philippines into use with a copper-nickel Peso and 1927 brought new 1 & 2 Centavos in copper-nickel, with the busts of Mabibi and Rizal respectively; again, varieties exist. In 1930, 1 & 20 Centavos were struck in copper-nickel by the Philippine Health Service/Leper Colonies and Stations and in 1942, the Culion Leper Colony issued a series of 1, 5, 20 & 50 Centavos and 1, 5 & 20 Pesos notes, the first three either with or without the "By Authority..." phrase on the back; these notes are fairly common.

The McKean Leprosy Hospital was founded in Thailand during 1908 and exists today as the McKean Rehabilitation Institute. From 1908 to about 1950, a number of Satang coins were defaced (with a chisel?) to produce pieces with "cross?square", "square/plain" and "H/plain" designs; these were supposedly destroyed in 1950 as were a pink note of 50 Satang & a green 1 Baht note; none have survived and descriptions are unavailable. Venezuela had Cabo Blanco as an issuer of brass .05, .125, .50, 1, 2, 5, 10 & 20 Bolivares - considered as scarce to rare and the Lazareto Maracaibo issued copper 1887 1/4 Reales & 1898 1/8 Bolivares, followed in 1913 by a brass series of 5 Centimos, .05, 1/8, 1/2, 1, 2, 10 & 20 Bolivares: a copper-nickel 1/8 Bolivar was also struck. 1916 brought the last issue above .50 Bolivares were withdrawn from use in 1940 and replaced by notes of .25, .50 1, 2 & 5 Bolivares, the last 3 each have 3 varieties, no series, "B" or "C". NAL says they have never seen the .25 & .50 Bolivar notes, the others are scarce.

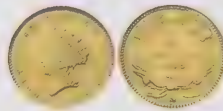

If you have been interested in this presentation I heartily suggest that you obtain a copy of "The Numismatic Aspects of Leprosy"; it is well written, has lots of illustrations and many descriptions of coin/note varieties plus 80 pages more on medals, badges, etc. I also encourage to examine auction lots 797 and 1109 which I have referenced in this article.

Best wishes & happy shopping!
